Erin Wilcox

Erin has been teaching dance in the Binghamton area since 2010 and has been the Head Coach of the Binghamton University Dance Team since 2015. Her training started at age three on Long Island where she performed and competed with Long Island Academy of Dance. As a young dancer Erin and her team won multiple awards, titles, & recognitions on regional and national levels. Erin continued her dance education throughout her undergraduate and master's degrees at Binghamton University. She has not only performed in numerous shows at B.U. as a featured dancer but has also choreographed for the BU Theater Department and continues to grow the Division I Competitive Dance Team program through the Athletics Department. Erin has choreographed and performed as a featured dancer with Vortex Dance Company. Her choreography with Vortex was showcased at E.P.A.C. Her competitive routines have been recognized for their outstanding technique, choreography, and overall entertainment. Her soloists have achieved regional and national titles. But most importantly, as a performer, teacher, and coach Erin's passion for dance is undeniable. She loves making life-long connections with her dancers and helping them find their confidence, joy, and best friends through dance.

Ravin VanGelder

Studio Co-Owner & Artistic Director

Miss Ravin grew up in Vestal, New York where she graduated from Vestal High School with her International Baccalaureate Diploma. She is now on her third year at Binghamton University where she is double majoring in Theater Dance and English Global Culture. Ravin started her dance training at the age of 3 and eventually joined a local competitive team at the age of 8. She has also trained with a variety of industry professionals in recent years. In 2018, she attended the Rockette Summer Intensive where she trained under the Radio City Rockettes, learning a variety of their routines from their Spring and Christmas Spectaculars. Then in 2019, she attended the Hollywood Summer Tour (HST) where she had the opportunity to record a dance video through MENINA Entertainment that aired as the opening number of the first ever Universal Dance Awards. It is also through HST that she trained with choreographers such as Carmit Bachar from the Pussycat Dolls, Menina Fortunato, Melena Rounis, Sohey Sugihara, and Mikey Dellavella. Miss Ravin has been teaching and choreographing for the past three years. She has worked with students of all ages, all levels, and in all styles that are offered here at Dance Intentions. Recently, she has won a judges award for "Beautiful Concept" at Starbound National Competition and many of her dances have placed within the top five in overalls at competition. Ravin is loaded with brand new ideas that she cannot wait to share with her future students.

The Academy

The goal of our Academy Program is to **successfully train our dancers in a variety of genres and celebrate their growth & talent at our annual recital**. We train all of our students with quality dance technique. Our Academy kids will be challenged and celebrated while still having a flexible dance schedule. Academy kids are not required to take any specific classes- take 1 class a month or 5 classes a month! They will not only grow as dancers but also develop life skills such as teamwork, work ethic, confidence, and commitment while creating lifelong friendships and memories with their fellow dancers.

- Students may be placed into classes based on skill level, not necessarily by age restrictions
- Students can take a variety of classes and can choose how often they want to dance- one class a week or unlimited classes
- Students are welcome to take additional technique classes outside of their current skill level *Pending instructor approval*

Attendance

We highly recommend that students come to class each week. It is vital to their personal growth and their presence builds class confidence and trust. We understand that sometimes absences are unavoidable- illness, family emergencies, school events. Unexcused absences would be considered instances that do not fall into the previous categories. All absences have the option to be made-up by choosing to attend any additional class within the same age range. There will be no reimbursement for missed classes in regards to tuition. Excessive absences (3 or more unexcused) could result in; a parent meeting, dismissal from class, or dismissal from performing in our annual Recital. Please communicate with Erin & Ravin regarding all absences via email or phone call. We are very understanding, however we also believe in commitment and open, honest communication!

Parent Observation Week

Every first full week of the month we will open our classroom doors for the last 10 minutes of class to allow any parents, friends, family to watch a little bit of what our class has been working on and show-off any choreography we've been rehearsing.

Class Behavior

We expect all of our dancers to behave with a level of self-control and respect that is appropriate for their age towards their teachers, classmates, and the studio space. We expect kids to show up to class prepared, dressed, and ready for class each day. We, your teachers and staff, will do the same.

We will not tolerate any bullying, disrespect, or destruction of property. Dancers under the age of 8 will be given two warnings via notes home. If the distracting or inappropriate behavior persists we will ask that they be excused from class for the day. A meeting with their parent/guardian will be arranged, after a discussion, they could be invited back into the classroom. For students over the age of 8, they will be immediately excused from class until a discussion including their parent/guardian can be scheduled.

We understand that all kids experience life differently and cope with life differently. What kids need during these difficult moments is guidance and support from their teachers, peers, and family to help them learn how to work through challenges, emotions, and interpersonal relationships in a healthy, safe way. We want Dance Intentions to be a safe place for all of our kids. We hope that you can trust us enough to make those tough decisions and know that this is not coming from a place of embarrassment or judgement but a place of encouragement, learning, and love.

Social Media & Technology

Any cyber-bullying, disrespect, threats, inappropriate language or gestures made in reference towards fellow dancers, families, teachers, or the studio in general will not be tolerated. Some of these offenses can at times be out of our hands if submitted to officials. Any unacceptable behavior online or in-person can be grounds for dismissal from the studio.

If you would like to post any choreography or videos we ask that you get teacher permission or wait until a piece is performed at least once publicly before posting. Students must keep their phones in their dance bags and outside of the dance room at all times.

Photo/Video Release

Any photos or videos taken in class or at performances can be used on our Dance Intentions website or social media pages. If you would not like your child's photos shared online or printed please let us know. There is a release form to sign when registering through The Studio Director as well.
